## CONDITIONS APPLICABLE TO INTERNATIONAL SECTION 214 AUTHORIZATIONS

(1) These authorizations are subject to the Exclusion List for International Section 214 Authorizations, which identifies restrictions on providing service to particular countries or using particular facilities. The most recent Exclusion List is attached to this Public Notice. The list applies to all U.S. international carriers, including those that have previously received global or limited global Section 214 authority, whether by Public Notice or specific written order. Carriers are advised that the attached Exclusion List is subject to amendment at any time pursuant to the procedures set forth in Streamlining the International Section 214 Authorization Process and Tariff Requirements, IB Docket No. 95-118, 11 FCC Rcd 12884 (1996), para. 18. A copy of the current Exclusion List will be maintained in the FCC Reference and Information Center and will be available at <http://www.fcc.gov/ib/pd/pf/telecomrules.html#exclusionlist>. It also will be attached to each Public Notice that grants international Section 214 authority.

(2) The export of telecommunications services and related payments to countries that are subject to economic sanctions may be restricted. For information concerning current restrictions, call the Office of Foreign Assets Control, U.S. Department of the Treasury, (202) 622-2520.

(3) Carriers shall comply with the requirements of Section 63.11 of the Commission's rules, which requires notification by, and in certain circumstances prior notification by, U.S. carriers acquiring an affiliation with foreign carriers. A carrier that acquires an affiliation with a foreign carrier will be subject to possible reclassification as a dominant carrier on an affiliated route pursuant to the provisions of Section 63.10 of the rules.

(4) Carriers shall comply with the Commission's International Settlements Policy and associated filing requirements contained in Sections 43.51, 64.1001 and 64.1002 of the Commission's Rules, 47 C.F.R. §§ 43.51, 64.1001, 64.1002. The Commission modified these requirements most recently in International Settlements Policy Reform: International Settlement Rates, First Report and Order, FCC 04-53, 19 FCC Rcd 5709 (2004). In addition, any carrier interconnecting private lines to the U.S. public switched network at its switch, including any switch in which the carrier obtains capacity either through lease or otherwise, shall file annually with the Chief, International Bureau, a certified statement containing, on a country-specific basis, the number and type (e.g., 64 kbps circuits) of private lines interconnected in such manner. The Commission will treat the country of origin information as confidential. Carriers need not file their contracts for interconnection unless the Commission specifically requests. Carriers shall file their annual report on February 1 (covering international private lines interconnected during the preceding January 1 to December 31 period) of each year. International private lines to countries which the Commission has exempted from the International Settlements Policy at any time during a particular reporting period are exempt from this requirement. See 47 C.F.R. § 43.51(d). The Commission's list of U.S. international routes that are exempt from the International Settlements Policy may be viewed at [http://www.fcc.gov/ib/pd/pf/isp\\_exempt.html](http://www.fcc.gov/ib/pd/pf/isp_exempt.html).

(5) Carriers authorized to provide private line service either on a facilities or resale basis are limited to the provision of such private line service only between the United States and those foreign points covered by their referenced applications for Section 214 authority. A carrier may provide switched services over its authorized resold private lines in the circumstances specified in Section 63.23(d) of the rules, 47 C.F.R. § 63.23(d).

(6) A carrier may engage in "switched hubbing" to countries that do not appear on the Commission's list of U.S. international routes that are exempt from the International Settlements Policy, set forth in Section 64.1002, 47 C.F.R. § 64.1002, provided the carrier complies with the requirements of Section 63.17(b) of the rules, 47 C.F.R. § 63.17(b). The Commission's list of U.S. international routes that are exempt from the International Settlements Policy may be viewed at [http://www.fcc.gov/ib/pd/pf/isp\\_exempt.html](http://www.fcc.gov/ib/pd/pf/isp_exempt.html).

(7) Carriers shall comply with the "No Special Concessions" rule, Section 63.14, 47 C.F.R. § 63.14.

(8) Carriers regulated as dominant for the provision of a particular communications service on a particular route for any reason other than a foreign carrier affiliation under Section 63.10 of the rules shall file tariffs pursuant to Section 203 of the Communications Act, as amended, 47 U.S.C. § 203, and Part 61 of the Commission's Rules, 47 C.F.R. Part 61. Carriers shall not otherwise file tariffs except as permitted by Section 61.19 of the rules, 47 C.F.R. § 61.19. Except as specified in Section 20.15 with respect to commercial mobile radio service providers, carriers regulated as non-dominant, as defined in Section 61.3, and providing detariffed international services pursuant to Section 61.19, must comply with all applicable public disclosure and maintenance of information requirements in Sections 42.10 and 42.11.

(9) Carriers shall file the annual reports of overseas telecommunications traffic required by Section 43.61(a). Carriers shall also file the quarterly reports required by Section 43.61 in the circumstances specified in paragraphs (b) and (c) of that Section.

(10) Carriers shall file annual reports of circuit status and/or circuit additions in accordance with the requirements set forth in Rules for Filing of International Circuit Status Reports, CC Docket No. 93-157, Report and Order, 10 FCC Rcd 8605 (1995). See 47 C.F.R. § 43.82. See also §§ 63.22(e), 63.23(e). These requirements apply to facilities-based carriers and private line resellers, respectively. See also <http://www.fcc.gov/ib/pd/pf/csmanual.html>.

(11) Carriers should consult Section 63.19 of the rules when contemplating a discontinuance, reduction or impairment of service. Further, the grant of these applications shall not be construed to include authorization for the transmission of money in connection with the services the applicants have been given authority to provide. The transmission of money is not considered to be a common carrier service.

(12) If any carrier is reselling service obtained pursuant to a contract with another carrier, the services obtained by contract shall be made generally available by the underlying carrier to similarly situated customers at the same terms, conditions and rates. 47 U.S.C. § 203.

(13) To the extent the applicant is, or is affiliated with, an incumbent independent local exchange carrier, as those terms are defined in Section 64.1902 of the rules, it shall provide the authorized services in compliance with the requirements of Section 64.1903.

(14) Except as otherwise ordered by the Commission, a carrier authorized here to provide facilities-based service that (i) is classified as dominant under Section 63.10 of the rules for the provision of such service on a particular route and (ii) is affiliated with a carrier that collects settlement payments for terminating U.S. international switched traffic at the foreign end of that route may not provide facilities-based switched service on that route unless the current rates the affiliate charges U.S. international carriers to terminate traffic are at or below the Commission's relevant benchmark adopted in International Settlement Rates, IB Docket No. 96-261, Report and Order, 12 FCC Rcd 19806 (1997). See also Report and Order on Reconsideration and Order Lifting Stay in IB Docket No. 96-261, FCC 99-124 (rel. June 11, 1999). For the purposes of this rule, "affiliated" and "foreign carrier" are defined in Section 63.09.

Carriers desiring to serve countries or use facilities listed as excluded hereon shall file a separate Section 214 application pursuant to Section 63.18(e)(3) of the Commission's Rules.
